my portfolio website : <https://anuoye.github.io/Oyebanjo-Portfolio-/#portfolio>

I am a Software Development Engineer specializes in Development and Testing with 5 years of experience managing software development (web) using Reactjs Fullstack and testing / automation projects throughout the testing phase. Proven expertise in ensuring software reliability and performance by conducting quality assurance and automated testing, including software test case development and execution, implementation of test plans, and bug tracking.

PROFESSIONAL EXPERIENCE

NIIT Technologies

Ikeja, LA .

Software Development Engineer In Test (DevSecOps)

October 2020–present

- Writing application interface codes using JavaScript following React.js workflows.
- Developed and implemented a Selenium Test Automation Framework to facilitate scripting, scalability, modularity, process definition, reusability, and maintenance and reduce costs
- Design client-side and server-side architecture
- Developing and implementing highly responsive user interface components using React concepts.
- Build the front-end of applications through appealing visual design
- Meeting with clients to discuss website design and function
- Using React Native, design and develop user interface components for JavaScript-based online and mobile apps.
- Write reusable, effective, as well as scalable JavaScript code and create interchangeable front-end modules
- Work with development teams and product managers to ideate software solutions
- Deliver seminal design input and comprehensive quality testing ranging from prerelease to maintenance for a product with 47,000 users
- Formulate effective, responsive design and turning it into a working theme and plugin
- Reduced QA testing turnaround time by 30%, which enabled the company to take and complete more projects without increasing manpower
- Build websites using WordPress.and coding
- Write codes using HTML,CSS, JavaScript, PHP and Python
- Customize themes to meet clients' requirements.
- Web security recommendations and vulnerability detection

IPLANET SYSTEMS

Ikeja,LA.

Software /Web Development Engineer In Test (DevSecOps) January 2017- September 2020

- Tested a wide range of software and applications, employing various testing techniques and methodologies
- Work with development teams and product managers to ideate software solutions
- Develop database-driven web React interfaces for rapid, real-time information sharing
- Develop external web portals allowing users to input and retrieve accurate information.
- Conduct website performance tests for React websites.
- Led a team of 5+ members to rewrite regression test cases, exceeding goals and reducing total regression test case count to 15%
- Developing features to enhance the user experience
- Applied a fully functioning framework, running 5000+ regression tests nightly to identify defects within large data volumes at the earliest point
- Updated website as instructed by client to introduce new features and content.
- Ensured hardware and software worked properly without errors.
- Building reusable code for future use with React components.

IPLANET SYSTEMS

Ikeja,LA.

Web /Software Development Engineer In Test (Contractor) (DevSecOps) January 2016

- Hands-on experience developing/coding APIs with different platforms
- Project Testing with mobile development (iOS and Android)
- Designing and building the website front-end
- Creating the website architecture.
- Designing and managing the website back-end including database and server integration.
- Conducting WordPress training with the client.
- Utilizing a variety of markup languages to write web pages.

EDUCATION

CENTRAL QUEENSLAND UNIVERSITY, AUSTRALIA (FUTURE LEARN / SPLEARN)

PGC In DevSecOps / Software Testing 2022

UNIVERSITY OF BRITISH COLUMBIA

Associate Degree Software Engineering 2021

INDIAN INSTITUTE OF TECHNOLOGY,KHARAGPUR (Prof. Rajib M.) (NPTEL)

PGD In Software Testing 2019

ADEKUNLE AJASIN UNIVERSITY

AK, Ondo.

ADDITIONAL SKILLS

- JavaScript,Reactjs,Express,Nodejs,MongoDB,Python,Django,MySql,Jestio,MaterialUI, React Nativ,Git,Terminal,NPM, Webpack,babel ,Agile ,Web Vitals

Test Automation Frameworks; JavaScript; Selenium/WebDriver; TestNG; JUnit; Jenkins; TestProject.io; Regression, Functional, and Performance Testing

- **Databases - SQL Server, Redis, Mongo DB**
- **Proficiencies in Postman, BDD (Cucumber), Appium Framework, Micro-service Architecture**

CERTIFICATIONS :

-Fullstack JavaScript Development Certification	2022
-React Native Certification	2022
-Reactjs Ecosystem Certification	2022
- International Certification In UK Prince2 Project Management	2022
-International Software Tester Qualification Board Certified Tester Foundation Level Training (CTFL)	2022
-International Software Tester Qualification Board Certified Tester Advanced Level Training (CTAL)	2022
-LinkedIn React Certification	2021
- International Certification In DevOps IT	2021
-International Advanced Diploma And Diploma In Project Management (Certified Associate In Project Management) (CAPM)	2021
-International Certification in Selenium	2021
-International Diploma In Software Project Management	2020
-International Diploma In Software Testing	2020

- | | |
|--|------|
| -International Diploma In Software Quality Management | 2020 |
| -Professional Diploma In Ethical Hacking , Cyber Security And Cryptography | 2020 |

OTHERS :

- | | |
|---|------|
| Microdegree in Python Fullstack Development | 2021 |
| Diploma in HTML,CSS and JavaScript | 2019 |
| Certificate in Java Programming | 2019 |
| Certificate in JavaScript and JQuery | 2018 |
| Certificate in Coding for Designers and Modern Web Design | 2018 |
